

Are you a qualified Service Technician? Are you experienced in calibration, trouble shooting, servicing and the maintenance of test benches in the automotive industry?

We have an exciting opportunity for a qualified Service Technician, as we continue to extend our service capacity in the whole of the UK and Europe.

About the role

As a Link Europe Technician, you will join our team of talented Service Technicians and Engineers and be responsible for the installation, service, calibration and PMI of our brake dynos and systems. You will coordinate the installation on site and also ensure that you deliver outstanding customer experience. As we continuously improve our tools and systems, we would like support in the further developments of our products through your own experience.

You'd be supporting our Senior Service Engineer in the UK but would report back to our office in Limburg, Germany.

Your profile

University degree in electrical engineering or certified electrical engineer with a minimum of 2 years experience in machine commissioning, calibration and servicing.

Customer and service-oriented appearance with a high level of stress resistance and a hands-on mentality. You should have a willingness to travel mainly domestically in the UK but also across Europe.

Why Link Europe?

Established in 1935, we have been a family-owned company for generations, we treat our customers and employees as if they are part of our family. We set our employees up for success, as they are given constant opportunities to learn and develop new skills. As many of our team members have been with LINK for a generation or more, the LINK team is equipped with a wealth of knowledge, providing decades of hands-on experience and out-of-the-box thinking to OEM's and suppliers everywhere.

You would be working for and reporting to our subsidiary in Limburg, Germany (Link Europe GmbH) a team of 45 employees. As we already have a senior engineer working in the North of England you would be receiving hands-on training and expert advice and training.

We offer an attractive pay and are fully committed to creating a culture of respect and professionalism and a high performing, diverse work culture. Supporting this we encourage applications from all candidates regardless of gender, race, religion, disability etc.

Have we sparked your interest? We are looking forward to your application! Please send all documents to the following E-Mail:

Link Europe GmbH
